A Closer Look at Missys' Mirror

Cancer patients know that looking good and feeling well go hand in hand...and having a well-fitted prosthesis or attractive hairstyle can make all the difference in maintaining a positive outlook in the face of life's most daunting challenge.

Missys' Mirror is designed to help area cancer patients meet this challenge with strength and style. This appearance center provides a comfortable setting for patients to choose clothing, wigs, accessories and more, with the personal assistance of specially trained, caring volunteers.

Missys' Mirror features retail space, a private fitting room, children's corner and makeover area, which includes a computer imaging center for patients to choose the styles that best suit them.

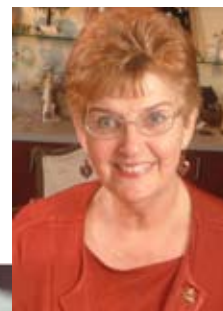

The center is named in the memory of two Missys: Missy Newell and Missy Wilcox O'Neill, young mothers from the Kansas City area who lost their battles with breast cancer.

Products and services provided by Missys' Mirror include:

- Personalized fittings for breast and lumpectomy prostheses, partials, mastectomy bras
- Hats, scarves, wigs
- Special products for lymphedema patients
- Post-surgical camisoles
- Equalizing forms
- Nightgowns
- Body care products
- Audio tapes, books, and videos
- Swimwear and sun protective clothing
- Gift items

Missys' Mirror is managed by Mary Moser, a prostheses fitter certified by the Board of Prosthetics and Orthotics in breast prostheses, partial prosthesis and post-surgical intimate apparel. Mary has fitted customers since 1988 and is one of the most highly referred fitters in the area. She understands this is a difficult time and will explain the multiple options available to minimize and manage the changes in appearance resulting from cancer treatment.
