***Not for use by employees, please.
See policy for uses and precautions.***

INTERNET CONNECTIVITY (A PC & WIFI ACCESS) IS PROVIDED BY SAINT LUKE'S HOSPITAL FOR USE BY OUR PATIENTS, THEIR FAMILIES & FRIENDS. IT IS LOCATED THROUGHOUT THE HOSPITAL AND VIA A KIOSK IN THE ATRIUM, DOWN THE STAIRS FROM THE EMERGENCY DEPARTMENT ON THE A LEVEL.

General Courtesy

- The **KIOSK** and the **WIFI access** are provided in support of patients' and their families' needs to gain information and communicate with individuals involved in the patient's care.
- Though multiple individuals may wish to participate in an internet session we ask that you do not gather around the computer in any way that may create physical impediment or an abnormal noise level affecting other patients, staff, or visitors.
- Please do not display images or play sound tracks that reasonably may be construed as offensive by any member of our hospital community.

Precautions

- Do not leave any computer unattended once you have logged in with any personal information, ID code or password.
- If you do access a website that requires a password take precaution that no one is able to read your password.
- When you have completed your internet session, be sure you have properly and completely logged off any programs you have used and off of this machine.
- Be aware that the internet is not a secure environment. Information transmitted over the internet might be seen by other internet users. Be cautious about providing personal information. It is suggested that you do not make purchases or perform on-line banking functions on a public access computer.
- Children's use of the internet should be supervised that they do not inadvertently access inappropriate material or contact individuals who may do them harm.

Prohibited uses

- This wireless service shall not be used for any commercial, unethical, or unauthorized purpose or any activity in violation of Federal, state or local laws.

- It is strictly forbidden to display images or play sound tracks that are deemed offensive by the Saint Luke's Hospital that provides the connectivity.
- Minors under 12 years of age should be accompanied by a responsible adult.
- Users are prohibited from uploading, downloading, installing, setting up, running or executing any software not already installed on the KIOSK. Changing the configuration of the hardware or software or in any way violating the operational integrity of the KIOSK is also prohibited.

General disclaimer

- Saint Luke's Hospital does not monitor and has no control over the information accessed through the internet and cannot be held responsible for the quality or accuracy of any information found on the internet.

Copyright Law

- Users of the wireless service must be aware that material on the internet is copyrighted. Users are responsible to read posted notices regarding copyright law and to respect those laws.

To log on the Wireless

Set the SSID to "GUEST" and connect

Provided kiosk

- Users are prohibited from uploading, downloading, installing, setting up, running or executing any software not already installed on the KIOSK. Changing the configuration of the hardware, or software, or in any way violating the operational integrity of the KIOSK is also prohibited.
- If there are or appear to be other patrons waiting to use this kiosk please do not remain on line for an extended period of time or use this station for recreational purposes.
- Click on the PUBLIC icon to start an internet session.
- Log off when finished as this reboots the kiosk, which will clear your session for the next visitor.
