Student's Choice of Any General Education Course	3
--	---

General Information:

Saint Luke's College provides students with an approach to nursing education that blends a well rounded academic background with an in-depth clinical experience. Students may apply for admissions to Saint Luke's College after completing 29 hours of pre-nursing courses and at least 2 of the 4 required natural sciences. Overall grade point average must be a 2.7 or higher. Admissions are selective and fulfillment of the minimum criteria does not ensure acceptance.

Satisfactory completion of the pre-nursing coursework is required for enrollment in Saint Luke's College.

*** Please note that the Human Lifespan Development requirement for Saint Luke's College can be met with a 3 hour class. The class must cover the entire lifespan (birth through death). A class of this nature is not currently offered at KU in a 3 hour format. If you prefer not to take the two classes, you might want to consider fulfilling this requirement at a community college.
