

What our Current Students & Graduate's have to say about Saint Luke's College

"Saint Luke's teachers are phenomenal. They integrate their years of practicing experience with the most current nursing research. They take their time with each and every student, ensuring that we are all learning in a way that we are comfortable with. I feel like I'm getting an exceptional education that will benefit me in my practice"

"Saint Luke's College prepared me for nursing by addressing every aspect of nursing from education to compassion to leadership"

"Saint Luke's College does a great job of educating you in a close knit atmosphere. Each teacher knows you by name, rather than being labeled a number"

"I loved being able to walk down the hall and know everyone. I felt like I could always go to my teacher's office and visit about life in general, not just school"

"Because Saint Luke's is a larger hospital, you get to experience clinical in several different fields which helps you find a specialty you like"

"Such helpful staff - you never have to hesitate to ask anyone anything"

"There were always plenty of resources available when you needed extra assistance"

"Great Students, Great Faculty, Amazing Experiences!"

If you have any questions regarding Saint Luke's College and the Bachelor of Science in Nursing Degree please call 816-932-2367 and ask for Josh in Admissions. You can also check out the College's website at www.saintlukescollege.edu.
