

A vertical image on the left side of the page shows a close-up of a silver stethoscope. The chest piece is prominent in the foreground, and the tubing extends upwards. In the background, a white medical scale with black and red markings is visible, showing numbers like 7, 9, and 10. The overall image has a clinical and professional feel.

WHY JOIN SAINT LUKE'S CARE?

- To be a founding participant of an innovative and physician-led organization that is focused on improving quality and efficiency of medical practice.
- To be recognized publicly for your commitment to quality.
- To be involved in the development and implementation of systemwide best practices for your specialty.
- To be able to participate in Saint Luke's Care (SLC) participant benefits such as the SLC /VHA Purchasing Program, providing SLC participants the ability to save 10-35 percent on many supplies and equipment purchases.

Participation is voluntary and free of charge.
